EDCBUE01

**Empower Your Edge:**  
Hyperlocal To Hyperscale Data Centers

## EdgeConneX Announces Its Newest Argentina Data Center

Located in Pilar, one of the most important industrial districts in Argentina and hub to hundreds of national and multinational corporations, in close proximity to Central Buenos Aires, EDCBUE01 offers a first-of-its-kind in Argentina multi-tenant carrier-neutral purpose-built network connectivity platform with extensive fiber, density and peering options for high-quality, low-latency content delivery, Cloud access, international interconnectivity and communications services previously unavailable to the region. In addition, EDCBUE01 serves as an alternative to the NAP of the Americas, the current pathway for data traffic from the Caribbean and South and Central America to more than 148 countries.

At EdgeConneX, we work with our customers throughout the full life-cycle, to deliver capacity, connectivity, and visibility, wherever and whenever they need it.

Our creative approach facilitates innovative distribution models that support your needs at the Edge of the Network. This is the reason that the world's leading and most influential ILEC, Cloud, Content, Network, Wireless, and Enterprise companies trust EdgeConneX to deliver their data.

### EMPOWER YOUR EDGE

- For Content & Digital Media
- For Network & Mobile
- For Cloud & IoT
- For Your Business

**EDCBUE01:** The first-of-its-kind truly **carrier-neutral** facility in Argentina

**EDCBUE01: 3.5MW N+1** initial total design capacity

**EDCBUE01: 23,043 sf**

## EdgeConneX Benefits

### Capacity

State of the art data center with the flexibility to support deployments ranging from a single rack, to a large custom cage or pod, all the way to a build to suit data center any of which can further scale to meet future needs for growth.

### Customer Experience

We aim to deliver a premium customer experience and proximate data center solutions, allowing you to deliver a premium experience to your own customers.

### Capability

Purpose-built Tier-3 designed facilities with superior operating reliability, high-density power, and carrier-neutral support to satisfy any customers challenges and demands.

### Cloud

MMulti-Cloud access solutions for enterprises may be supported locally through our technology and solution partners meaning customers can locally access leading CSP's directly from our Buenos Aires Data Center.

### Cooling

The facility has robust and redundant power and cooling to support any application, where temperature and humidity is monitored, controlled and managed to industry standards.

### Connectivity

Many leading NSP's and MSO's are deployed in our Buenos Aires Data Center and available for interconnection.

### Partners

Our world-class partners help EdgeConneX deliver the combination of solutions your business needs.

**EDCBUE01:**  
 Calle del Canal 308  
 Parque Industrial Pilar  
 B1633 - Fátima  
 Provincia de Buenos Aires  
 República Argentina

## Technical Specifications & Configuration

### Space

- The newest and most advanced Data Center in Argentina
- State-of-the art Data Center with flexibility to support deployments ranging from single racks to large custom cages or pods
- Dedicated Data Hall possibilities
- Shared office space
- Dedicated space available for clients

### EdgeOS Portal | DCIM

- Online real-time, 24x7x365, remote and secured Customer access to alarming, monitoring, ticket, network & capacity management for their Data Center infrastructure

### Power

- 3.5 MW N+1 Capacity
- 10.5 MW Site Capable
- N+1 configuration to include - PDU - UPS - Generators
- Real-time branch circuit monitoring

### Cooling

- Temperature and humidity monitored, controlled and managed to industry standards
- Temperature & humidity monitored/controlled/managed to industry standards
- N+1 CRACs located in separate suites, maximizing customer-designated areas

### Security

- Multi-stage security containment systems that use PIN and live Biometric access control system
- Mantraps and strictly enforced protocols regarding entry access
- 24x7x365 video surveillance and >90 day online video storage
- 24x7x365 NOC services
- 24x7 manned security

### Fire Suppression

- Gas Fire Suppression
- VESDA Early Smoke Detection

### Connectivity

- Carrier-Neutral Data Center
- Metrotel, Centurylink, Silica Networks, IPLAN, Claro, Internexa, Telecom Argentina
- Access to regional Internet exchanges

### Optional Services

- Remote hands services for break fixes, configuration and troubleshooting
- EdgeConneX Services: design, build, implement and maintain your equipment infrastructure
